Christian Hughes
Software Engineer

About

I'm a Software Engineer with a passion for **front-end development**, **developer tools**, and **design systems**.
I create tools that have enabled **hundreds of developers** and **millions of users**.

Experience

Software Engineer │ Dropbox
October 2021 - Present

Developer III │ Ramsey Solutions
March 2019 - September 2021
- Developed critical front-end architecture & infrastructure for flagship domain, ramseysolutions.com
- Served as technical lead for key aspects of in-house design system, developing cross-platform web SDKs
- Led key efforts in front-end recruiting, technical interviewing, & open-source development

Front-end Developer │ Ramsey Solutions
March 2018 - March 2019
- Served as primary front-end developer for new enterprise CMS platform, now serving millions of users each month
- Created extensive technical documentation & tutorial content to enable team of 140+ developers
- Developed suite of e-commerce features & integrations, enabling feature parity on digital storefronts across 5+ domains

Software Development Engineer │ Amazon
July 2017 - February 2018
- Developed Amazon's key customer behavior data platform, enabling organization-wide business insights
- Created self-service APIs & front-end tooling for consuming Amazon-scale datasets

Technology Intern │ Koch Industries / Phillips 66
2015 / 2016
