Christian Hughes
Software Engineer

About

I'm a Software Engineer with a passion for **front-end development**, **developer tools**, and **design systems**. I create tools that enable **hundreds of developers** and **millions of users**.

Experience

Developer III, CMS & Design Systems | Ramsey Solutions
March 2019-September 2021
- Developing critical front-end architecture & infrastructure for flagship domain, ramseysolutions.com
- Serving as technical lead for key aspects of in-house design system, developing cross-platform web SDKs
- Leading key efforts in front-end recruiting, technical interviewing, & open-source development

Front-end Developer, CMS Platform | Ramsey Solutions
March 2018-March 2019
- Served as primary front-end developer for new enterprise CMS platform, now serving millions of users each month
- Created extensive technical documentation & tutorial content to enable team of 140+ developers
- Developed suite of e-commerce features & integrations, enabling feature parity on digital storefronts across 5+ domains

Software Development Engineer | Amazon
July 2017-February 2018
- Developed Amazon's key customer behavior data platform, enabling organization-wide business insights
- Created self-service APIs & front-end tooling for consuming Amazon-scale datasets

Network Projects Intern | Phillips 66
2016

Software Development Intern | Koch Industries
2015
